SIEMON™   **Network Cabling Solutions**

Z-MAX Z-TOOL

Overview

The Z-TOOL is an integral part of the exclusive Z-MAX™ termination process and is used with both UTP and shielded Z-MAX modules. This easy-to-use and ergonomic designed tool is used both to secure the cable retention/grounding clip and to fully engage the termination module into the back of the outlet.

- *Ergonomic* - Minimal hand strain, limited pressure and zero-impact for comfortable repeatability
- *Alignment Aids* - Keyed guide ensures correct outlet insertion during termination
- *One-Handed Activation* - Allows final Z-MAX termination step to be accomplished with one hand for operation in space-restricted areas
- *Retention Clip Locking* - Additional function closes and locks hinged cable retention/grounding clip
- *Slim Profile* - To fit in a pocket or toolbox
- *Attachment Point* - For key ring or lanyard and rackmount capability

Part of the Category 6A UTP Z-MAX cabling system.

Part of the Category 6A Shielded Z-MAX cabling system.
